

Company Profile - COGNUS TECHNOLOGY

Established in 2008, Cognus Technology is an award winning Software Development Company having multiple development centers in India and UK. The Cognus technology's team is comprised of eminent professionals from around the country who have combined experience of 10+ years in Web design, E-commerce development, Digital marketing, Project management, and Online branding.

Our other ventures are in to E commerce, Real Estate & finance.

We have vast experience with PHP, CSS, JS, HTML, and more. Our team also consists of distinguished experts in Pay per Click (PPC), Search Engine Optimization (SEO) and Social Media Marketing (SMM) Services.

Cognus shines when it counts for conceptualizing brand-friendly responsive websites, inspired and inventive online business models, powerful direct response strategies, E-commerce development and ingenious marketing strategies that generate hyper-growth for our clients.

Growing from roots in the website development industry, Cognus understands the vital role of brand and marketing strategy and has provided web development services consistent with our client's existing corporate image without fail.

In the cases of newly formed companies Cognus Technology has productively invented their brand individuality and formed marketing strategies that put them on the way to mobile and online market dominance.

Our key differentiators in the marketplace include:

ISO 9001:2008 certified services outsourcing company

Offer technology driven business solutions to more than 400 global customers in 20 countries.

Achieved 99% success rate in project handling

Powerful culture of innovation, collaboration and teaming
